A common project : to offer dreams and create links between young rugby players and young disabled people : THE FIFTEEN AND THE SKY

Beyond the difference, so that dreams can come true !

"One can only see well with the heart - the essential is invisible to the eyes"

(A. de Saint-Exupéry)

THE HEART : The reason for the project

THE BODY OF THE PROJECT : The **common values** in honor and the moral forces and the team spirit unite them

THE DREAM : The **imaginary** in the line of sight

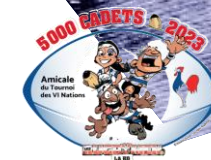

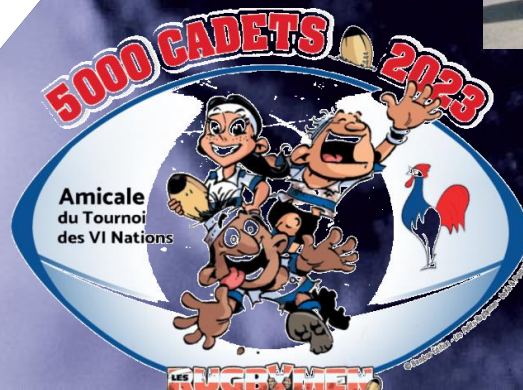

To bring together the *Amicale du Tournoi des VI Nations* and *Les Ailes du Petit Prince* to invent actions in favor of young people affected by disability, in order to stimulate their imagination and their desire for the future

The Amicale invites young players and brings matches

Les Ailes du Petit Prince invite disabled children and offer flights

Dreaming by the field and by the sky: participating in a match, flying, writing and meeting to build friendships

ACTION : **Altruism** as a guideline

Je vous souhaite
une Vie Remplie de "Je Veux"
de la Soif à sauter dans les flaques,
des Diamants brillants dans vos
yeux émerveillés d'Enfants de l'Amour
à s'en gaver avec des tonnes de papiers.
de la Folie dans vos Rêves de l'Osé
dans le Cœur des milliers de
Papillons volant pour Toucher les Étoiles
et du RIRE à n'en plus finir

RUGBY INJURED PERSONS

Each year the Amicale invites 2 injured players to a match of the 6 Nations Tournament in Paris

In 2023, the Amicale wishes to invite several Rugby Injured persons in Toulouse, Nantes, Lyon and Paris

These invitations will be made in close cooperation with the Albert Ferrasse Foundation at the national level

The Rugby injured persons, whose number will unfortunately be limited, as all the places must be purchased (1 injured person = 2 purchased tickets)

These will be "local" Rugby injured persons

THIS PROJECT IS NOT JUST ABOUT SPORT

It's a project of social and societal link which wishes **to gather** beyond the differences and the borders :

- **young people** who do not play in high level
- **Rugby's injured persons**
- young people with life **disabilities**
- young people in **agricultural high schools**
- young **European players**
- **volunteers** and **partners** ...

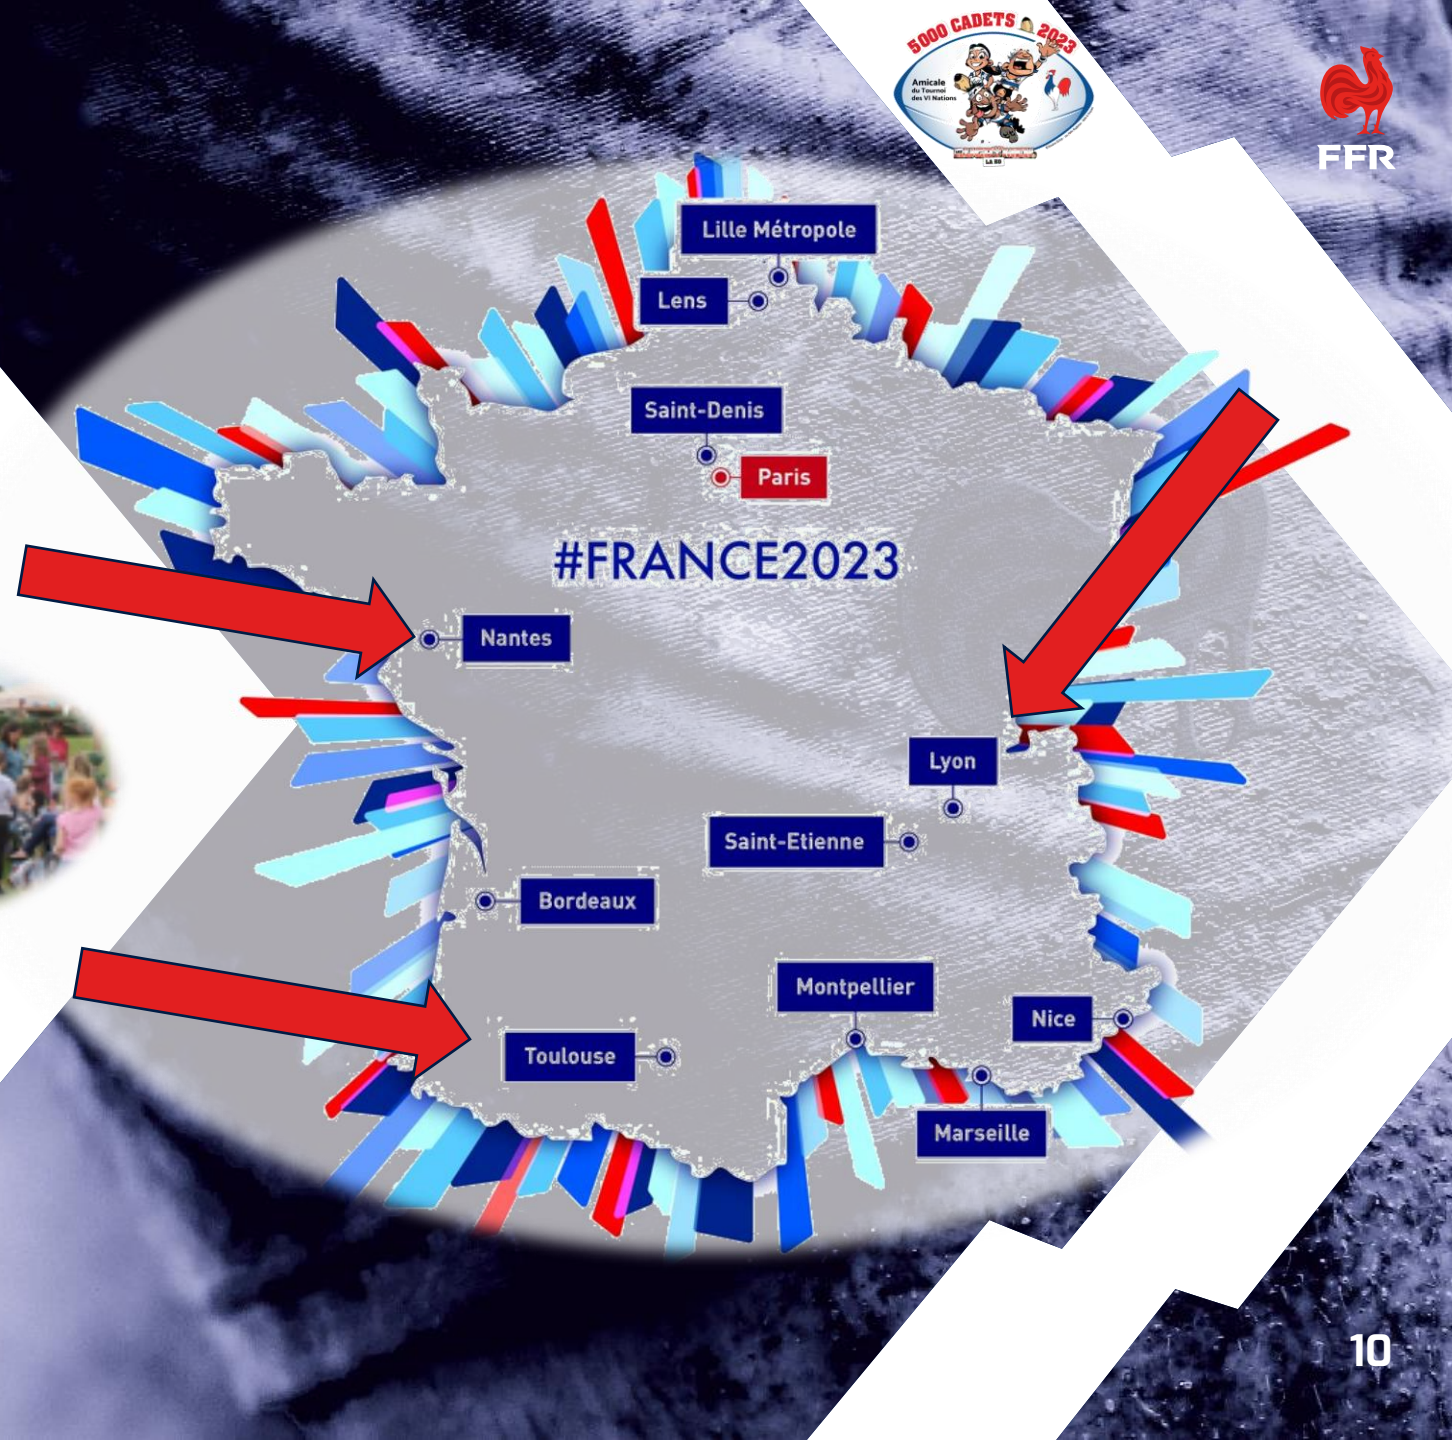

A MOMENT OF SHARING...

A "VILLAGE" open to the general public and the media in **NANTES, LYON and TOULOUSE**

- catering area
- demonstration of **know-how**
- areas of the **Regions** and **Leagues**
- areas of the "**Terroirs**"
- area of **Rugby Development**
- areas of **Partners**
- areas of **talents**

... in parallel with the 5000 cadets matches and then go to the World Cup!

AN ENVIRONMENTALLY AND SOCIALLY SUPPORTIVE PROJECT

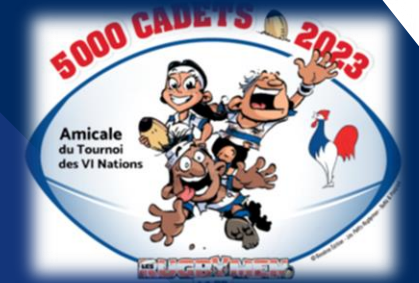

It mobilizes young amateur players who are not in professional or associated clubs, therefore young people who don't play in high level (or not yet...). It's therefore open to the less "favored" players

The days of meetings will not only be sport focused, but will allow meetings between young people from the whole country, young European players from different countries, young people with disabilities, people injured in rugby, young people from the agricultural world, ...

The whole project is led and supported by volunteers who have no other ambition than to see "stars light up in the eyes of the participants"!

The organization of the project and its support aim to achieve environmentally neutral events through the use of recyclable and reusable products
