

## Down On Your Uppers

Demi refrain: Oh you're down on your uppers  
I said you need new boots  
Will you listen to your mother ?  
Oh I said you're down on your uppers

I remember when I was a boy  
I didn't need no fancy toys  
I just wanted to explore / go out into the great outdoors  
Over ditches and on the trees  
Through a million fields of green  
'Till the evening shadows fall / when I would hear my momma  
call

Refrain: Oh you're down on your uppers  
entier I said you need new boots  
Have you got no others that you can fit into ?  
Oh, Derekeen they're the worst I've seen  
You'll need more than a fiddle to clean  
Will you listen to your mother ?  
Oh I said you're down on your uppers hey

Now as I walk these city streets  
I'm movin' to a country beat  
Raise hell and flashin' lights  
They surround me day and night  
But I know when I'm feelin' low / where my heart it longs to go  
To where the evening shadows fall / and I can hear my momma  
call

Refrain entier X 3

Ah come in for your supper  
'Cos you're down on your uppers
