

## Honky Tonk Highway (Luke Combs)

In my Prevost  
Headin' down to Alabama  
I got a three night run  
We're gonna kick it off in Birmingham  
Headlights, wide lines  
Flying down 65  
Tryna catch a few hours sleep  
Tomorrow comes, show time  
That's when I know I'm  
Living that neon dream

Oh I got the boys  
And the band  
And a one night stand  
Waiting on us down the road  
We're gonna load it in  
Crank it to 10  
Whiskey shots at 2AM  
And off to another show  
And then it's back to my baby for  
A couple days  
But I can only stay for so long  
'Til that Honky Talk Highway's calling me home

Rolling into Mobile  
Name on the marquee sign  
Waving at the women that are standing in the ticket line  
Well point me to the stage  
I know that's the only place I'm ever gonna wanna be  
Smoky bars, guitars  
Breakin' all the girls hearts  
That's the only life for me

Refrain X 2
