

REGULATION ON THE PROTECTION OF PERSONAL DATA

Montauroux, 29th December 2018

Dear Member,

The new General Data Protection Regulation (GDPR), has been binding on us since May 25th 2018. It asks us to prove, in the case of inspection, that all our members have agreed to us storing and processing their personal data.

We remind you that the data we received from you during your registration are:

- Last name and first name
- E-mail address
- Fixed telephone and / or mobile phone number
- Address
- Nationality

These data are held for the strict requirements of the operation of the Amicale and are managed by a small number of people (Secretary, Webmaster, Organisers).

Thereby;

- the email address allows us to disseminate information about the life of the AEPF,
- the phone number allows us to reach you quickly in case of need (for example on the occasion of a trip),
- the postal address is useful to send you letters if necessary (for example if you no longer have a phone or internet connection).

We will not share this data, in any circumstances, with non-members or with external organisations.

You can consult all the data that you have agreed to share with the members on the website <https://www.aepfweb.eu> (see the menu "Info / About Us).

We specify that you must be a member of the AEPF to access this menu.

In addition, we inform you that all data is stored on secure servers.

If, however, you wish to delete some of this information, please send a written request by post to the following address:

Secretariat AEPF, Bénédicte Louis, 12 chemin de la Fontaine, 83440 Callian.

Thanking you in advance for giving your attention to our mail.

Françoise Dupeuble

President
