

Nothing but You (Leaving Austin)

It'd be cool if there
Was nobody else drinking
In this crowded bar
Just you and me alone
And turn the sound down
So I don't hear nothing but you
Yeah, you
I bet you're thinking I'm crazy
I've been thinking that too
I don't expect you to believe me
But baby it's true

Refrain : Nothing but you
Can make me feel alive
Set my heart on fire
Turn this silver sky into a California blue
Fireworks in July
Got nothing on your eyes
Nothing on my mind, no nothing but you
Nothing but you
Yeah you
Nothing but you ...
Nothing but you ...
Yeah you

Baby why don't we
Just find a little island
Middle of the sea
Sunshine kind of freedom
Bare feet in the sand
Margarita in your hand, hey
With a never ending view

Refrain : Nothing but you

I bet you're thinking I'm crazy
I've been thinking that too
I don't expect you to believe me
But baby it's true
Yeah ...

Refrain : Nothing but you

(partie instrumentale)
