01 WHO WE ARE

Young Professionals in Yachting (YPY) is a non-profit organisation for the **next generation of yachting**: young professionals, aged up to 40, working in land-based yachting positions.

YPY Monaco was the second chapter to be founded and was officially launched in 2013.

YPY brings together people who are passionate about what they do; who are eager to learn more about their industry and who want to contribute to its future development, meeting likeminded professionals along the way.

Our goal is to:

- **Educate:** we organise monthly lectures and workshops on a range of topics;
- **Build:** we provide a platform for members to build networks with a wide range of like-minded professionals across the sector;
- **Improve:** through these networks we hope to increase trust and transparency across our industry; and
- **Inspire:** we encourage members to incorporate environmental and social responsibility into their professional outlook.

All board members, speakers, coaches are volunteers, offering their time and knowledge to help members.

02 WHAT WE DO

Every meeting has an educational element – usually a workshop, seminar or debate – followed by informal drinks.

INDUSTRY

Meetings centred around a subject that is relevant to yachting.

BUSINESS

Speakers from different industries offer valuable insights that we can apply to our own business activities.

PERSONAL

Develop skills such as communication, networking and leadership.

Your opportunities:

1. Expand your professional network;
2. Inform yourself on topics that matter to our industry;
3. Develop your own personal skills set;
4. Demonstrate your commitment to your career to current and future employers;
5. Take part in charity and fundraising events to give something back
